POTTING INSTRUCTIONS

PANEL MOUNTING SYSTEM

**POTTING INSTRUCTIONS**

**EN** - Fill the pot with 1/3 in height of expanded clay, in order not to overload the pot structure and allow the drainage of the water. Complete filling the pot with suitable soil for the plant. For better drainage is recommended to place a draining cloth between the expanded clay and soil.

NOTE: always consult the technical data sheet to know the maximum capacity of each pot.

**DRAINAGE SYSTEM**

**EN** - All SLIDE pots are equipped with a water drainage system. Illuminated pots are equipped with an interior drainage tube that protects the lighting system against liquid contact.

NOTE: always remove the dust cap from the side to drain the water.

**LIGHTING POTS**

**STANDARD POTS**
